TELEGRAPHIC BREVITIES.

William De Forest Manice, a well known millionaire and club man of New York City, is dead.

E. E. Smathers' McChesney, the pride of the West, won the Twin City handicap at Sheephead Bay Monday.

At Lima, O., Dan Paten went a mile in 2:04, breaking the world's pacing record of 2:04 1/4 on a half mile track.

Kate Seymour, formerly an actress at the London Gaiety theater, is dead. She visited the United States in 1889 and in 1901.

An unknown man was run over and instantly killed at South St. Paul Monday night by the southbound Chicago Great Western passenger train.

John Bullock Clark, formerly a member of the house of representatives from Missouri, is dead in Washington, aged seventy-two years.

Sir Charles Elliot, the British high commissioner for East Africa, is said to have reported strongly against the British government's project of a Zionist colony in the East African protectorate.

L. J. Thornton, the proprietor of a Chicago warehouse and van company, was assaulted during the labor parade because he was driving one of his own teams without having a union card in his possession.

Took Acid by Mistake.

St. Paul, Sept. 9.—Mistaking a bottle of carbolic acid for a bottle of medicine, John J. Connelly, proprietor of the Capitol restaurant, 319 St. Peter street, took a fatal draught at his home, 128 East Cook street, at 10:30 o'clock, as he was about to retire. He discovered his error too late and died within half an hour.

Reinstated to the Ministry.

Wichita, Kan., Sept. 9.—Word has been received here by Rev. Granville Lowther, the socialist lecturer, that he has been reinstated to the ministry by the conference of the Syracuse district of New York. In March, 1902, Dr. Lowther was convicted of heresy and expelled from the Southwest Methodist conference.

Father and Son Killed.

Grand Forks, N. D., Sept. 9.—Ole T. Reinstad, a farmer living several miles southeast of Reynolds, and his son, aged seventeen, were smothered by gas in a well on their farm, which they were about to clean out.

INSURGENTS THREATEN TO USE
TURKISH METHODS OF WAR-
FARE IN MACEDONIA.

SLAUGHTER IN MONASTIR

ESTIMATED THE SULTAN'S MEN
HAVE SLAIN FIFTY THOU-
SAND BULGARIANS.

London, Sept. 9.—Everything seems to point to new and terrible developments in Macedonia. On top of the appalling accounts of the results of the Turkish methods of "restoring order" in the vilayet of Monastir comes the threat by the insurgents to resort to reprisals on the same scale. The porte's anxiety to suppress news by expelling newspaper correspondents from the operations is held to have but one meaning. The morning papers comment upon the significance of the news that Russia and Austria are seeking to persuade the powers to coerce Bulgaria, as showing a belief that war is inevitable.

No further news regarding the outbreak at Beirut has been received here. The Daily Telegraph correspondent at St. Petersburg says he is assured on excellent authority that Russia, when she submits proposals to the porte for the pacification of Macedonia, contemplates the dispatch of her Black Sea squadron to Turkish waters, where it will make a much longer stay than recently, in order to overcome the sultan's objections to her recommendations.

A Monastir dispatch to the Daily Mail says the great military drive in the mountains to the southeast of Monastir toward Lake Prespa by a force of 3,000 Turkish infantry with twelve guns resulted in the escape of all the revolutionary bands. Though the latter were practically surrounded not one was captured.

APPALLING ATROCITIES.

Turks Massacre Over Fifty Thousand
Bulgarians.

Sofia, Bulgaria, Sept. 9.—The Macedonian interior organization estimates that 150,000 women, children and old men are hiding in the mountains and forests of Macedonia. The Turks are burning the forests in the district of Leren and Kostur, and killing fugitives who attempt to escape to the plains.

All reports from the vilayet of Monastir agree in describing the situation as appalling. Between 30,000 and 50,000 Bulgarian inhabitants are believed to have been massacred by the Turks and every Bulgarian village in the vilayet has been destroyed. The revolutionary headquarters estimate that 30,000 Bulgarian men, women and children have been killed, while at least the same number of refugees are slowly perishing of hunger. In official circles these figures are regarded as an underestimate and officials incline to the belief that the number of the massacred exceeds 50,000.

BLAMES THE UNITED STATES.

German Press Comments on Out-
breaks at Beirut.

Berlin, Sept. 9.—The morning newspapers, in commenting on Sunday's outbreak at Beirut, throw the blame for the occurrence on the United States. The Lokal Anzeiger says:

"Now that the Americans have their dead they will make inquiry whether they were responsible for the effervescence in Beirut. By the unprecedented action of their minister in Constantinople and their naval demonstration the yearning of the United States to mix up in European politics has found some justification."

The National Zeitung says:

"It can be seen how serious it is, in view of the excitement in the Near East, to spread incorrect or bad translations of cipher reports."

RIOTING IN BEIRUT.

Two Persons Killed and a Couple
Injured.

Washington, Sept. 9.—A cablegram from the Turkish foreign office to Chekib Bey, the Turkish minister here, gives the following version of the trouble at Beirut Sunday, reported by Admiral Cotton in his dispatch to the navy department:

Some Christians of the city of Beirut attacked four Mussulmans, and during the melee which followed four persons were injured. Three of these were soldiers. Two persons are dead, one of whom is a soldier.

The minister called on Secretary Hay during the day and gave him the contents of his dispatch.

CIRCULAR TO THE POWERS.

Turkish Government Will Outline Its
Intentions.

London, Sept. 9.—A dispatch to a news agency from Constantinople says the Turkish government is preparing a circular to the powers calling attention to the attitude of Bulgaria and declaring it is the intention of the government to pursue armed Bulgarian bands in Macedonia and even into Bulgarian territory.

FOREWARNING THE POWERS.

Revolutionary Committee Will Issue
Circular Note.

London, Sept. 9.—A Sofia dispatch

to the Daily Mail says that the revolutionary committee will issue to the representatives of the powers a circular note forewarning them of coming events. The note is intended to justify the future actions of the insurgents and will point to the probable total extermination of the Christians as necessitating the employment of the same atrocious measures by the revolutionaries against the Turks, and will contend that the responsibility for such desperate acts will rest with the powers.

COTTON AND LEISHMAN.

Navy and State Departments Receive
Cablegrams.

Washington, Sept. 9.—Cablegrams were received at the state and navy departments during the day from Minister Leishman at Constantinople and Admiral Cotton, commanding the American squadron now in Turkish waters, respectively, giving an account of the riot which occurred at Beirut Sunday. It was stated at the navy department that no new instructions had gone to Admiral Cotton in consequence of the day's reports. Instructions sent to Minister Leishman contemplate that he keep the state department constantly informed as to the situation that the department may know to what extent protection is being afforded American citizens. The president has been advised of the facts reported to Washington.

Minister Leishman says that a riot occurred Sunday at Beirut, in which seven Christians were killed and several wounded. Two houses occupied by Christians were pillaged by the soldiery. The panic was general.

Admiral Cotton says violence and bloodshed between Mohammedans and native Christians occurred at Beirut Sunday. Six Greek Christians, two Mohammedans and one Turkish soldier were killed; three Greek Christians, three Mohammedans and three Turkish soldiers were wounded seriously.

SEEMS PAST PRAYING FOR.

No Hope for Intervention by European
Powers.

London, Sept. 9.—The Sofia correspondent of the Times says the insurgents have laid up stores of provisions in the mountains and even contemplate a winter campaign. The suffering to the women and children thereby entailed would be appalling, but the insurgent leaders believe that the ill-clad Turkish troops will suffer more than themselves, owing to their inability to obtain supplies in a devastated country with interrupted communications.

He continues: "Any active interference on the part of the powers seems past praying for. Russia and Germany are urging the sultan to adopt more vigorous methods of repression, while the other powers have apparently no advice to offer and content themselves with an attitude of disinterested spectators."

ABOLISH EQUIPMENT BUREAU.

Radical Change Proposed in the Navy
Department.

Washington, Sept. 9.—Abolishment of the bureau of equipment of the navy department and consolidation of its work under the bureau of navigation and construction and repair is the radical change proposed in a plan which has been submitted to Secretary Moody for approval and which it is believed will meet the ideas of the secretary. According to the plan the electrical work now in charge of the bureau of equipment, including wireless telegraphy, will be transferred to the bureau of construction and repair, which in reality has under its control a large part of the electrical work on ships under the present arrangement. To the bureau of navigation will be transferred all matters relating to purchase and storing of coal and the location of coaling stations. The other duties of the chief of the bureau of equipment will be divided between these two bureaus.

GRANDSTAND COLLAPSED.

Twenty-four Persons Injured at Leavenworth, Kan.

Leavenworth, Kan., Sept. 9.—A grandstand on a knoll on the Fort Leavenworth reservation gave way during the afternoon during a sham battle by regular troops, injuring twenty-four persons, three fatally. The fatally injured are: Mrs. John Moradant, Mrs. Charles Norby and Mrs. C. H. Noble, all of Leavenworth.

Many of the injured sustained broken legs. Fully 1,500 people were crowded on it when the stand went down with a crash and many were pinned down under the boards. The confusion was indescribable, until the regular soldiers formed a line and kept all back not injured, or those caring for the injured. The soldiers began taking care of the injured and in an hour all were removed.

BRILLIANT FEAT OF ARMS.

Small French Force Defeats Large
Body of Moors.

Paris, Sept. 9.—Dispatches from Oran, Algeria, show that the recent defeat of the insurgents by a French force near Almoungar, in which the French lost 67 killed and 47 wounded, was one of the most brilliant of the recent feats of the French army in Algeria. It appears that the insurgents intercepted a convoy, the escort of which, consisting of 120 men, resisted the attack of between 3,000 and 4,000 Moors for eight hours. The little French force suffered greatly from thirst, but after inflicting heavy losses on their assailants, succeeded in repulsing them. The French relieving force found the Moors' line of retreat scattered for a mile with dead and wounded.

SECRETARY SHAW ADDRESSES
THE MINING CONGRESS AT
DEADWOOD, S. D.

CHOSEN HONORARY MEMBER

PRESIDENT RICHARDS ARGUES
IN FAVOR OF A DEPART-
MENT OF MINES.

Deadwood, S. D., Sept. 9.—The American Mining congress during the day began the actual work of its sixth annual session, interest centering in the talk by Hon. Leslie M. Shaw, secretary of the United States treasury, who, however, did not speak until towards the close of the afternoon session. The secretary was given a warm welcome by the delegates, who frequently applauded his statements, and when he finished speaking gave him a rising vote of thanks and three rousing cheers. The congress also unanimously elected him an honorary member and appointed a committee of three to draft resolutions thanking President Roosevelt for his recognition of the congress in sending Secretary Shaw to represent him before it, an engrossed copy to be sent to the president.

The congress was called to order by the president, Hon. J. H. Richards of Boise, Ida., in the rink at 10 a. m. The rink holds 800 persons and it was occupied almost entirely by delegates, who represented most of the states of the Union and representatives of mining interests of the country.

A prayer was offered by Rev. John Starina, bishop of Lead.

Addresses of welcome were made on behalf of the state by Governor Charles N. Herried and on behalf of the city of Deadwood by Mayor Edward McDonald.

President Richards responded in the name of the American Mining congress and other responses were made by a number of other delegates expressing deep appreciation and gratitude for the splendid treatment and entertainment which they were receiving at the hands of the citizens of the Black Hills district.

The appointment of committees on credentials and resolutions completed the morning session.

Shaw and Richards Speak.

At the afternoon session the attendance was somewhat greater than in the morning, owing to the fact that Secretary Shaw was to speak and President Richards would deliver his annual address to the congress.

President Richards, in his annual address, made a convincing argument for asking that congress pass a law creating a department of mines and mining, with a cabinet representative. He recommended that action be taken by the congress looking to the establishment of a permanent home of the organization and a permanent working staff. He said that a great mining university, endowed with millions should be established.

According to the announcement Secretary Shaw was scheduled to address the congress on the question of "The Mining Industry and Its Relation to American Finances."

He said he wished to correct the impression that he was to deliver an address, because he really did not know anything about mining.

We make a mistake, he said, if we estimate the importance of our different industries according to their apparent relative products.

He referred to the necessity of increased markets for our products, saying he would rather have the market of the United States, than all the markets of the rest of the world; would rather have the productive capacity of the United States than the productive capacity of nearly all the rest of the world.

Alluding to that portion of President Richard's annual address in which he urged the creation of a department of mines and mining, Secretary Shaw said he was heartily in favor of the government doing everything it can, short of paternalism, in support of the mining industry of the country.

Newport, R. I., Sept. 8.—Right Rev. Thomas March Clark, bishop of Rhode Island, and, by virtue of his seniority, presiding bishop of the Episcopal church in this country, as well as the oldest bishop in the Anglican communion, if not in the world, died suddenly during the day at his home in Middletown.

Bishop Clark was born in Newburyport, Mass., on July 4, 1812. He was graduated from Yale in 1831 and studied theology at Princeton until 1835, when on completing his course he received a license to preach by the presbytery of his native place.

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the hollow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

Mrs. Ida McDonald.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of "Friedrich's Black-Draught."

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

RIGHT REV. CLARK DEAD.

Was the Oldest Bishop in the Anglican Communion.

Newport, R. I., Sept. 8.—Right Rev. Thomas March Clark, bishop of Rhode Island, and by virtue of his seniority, presiding bishop of the Episcopal church in this country, as well as the oldest bishop in the Anglican communion, if not in the world, died suddenly during the day at his home in Middletown.

Bishop Clark was born in Newburyport, Mass., on July 4, 1812. He was graduated from Yale in 1831 and studied theology at Princeton until 1835, when on completing his course he received a license to preach by the presbytery of his native place.

Judge McClenahan Hands Down His Decision in an Important Matter.

RELATOR IS GIVEN JUDGMENT

In the Case of A. R. Holman, of Pequot, Against New School Directors.

The decision has been handed down by Judge McClenahan in the case of the State of Minnesota, on the relation of A. R. Holman, as director of school district No. 41, of Crow Wing county, vs. Fred Lubbert, Clayton Steele, John Batchelder, James Fitzgerald, C. E. Porter and J. J. Schrader.

This case involved the attempted organization of an independent school district, which includes the village of Pequot, this county. School district No. 41 is and has been a common school district for some years and the village of Pequot lies wholly within this district.

The contentions of the relators in the case was that the laws do not authorize or provide that a village which lies wholly within an exclusive common school district may be taken out of such common school district that in this case a portion of the boundary of the village being co-existent with part of the boundary of the common school district, such attempted organization of the village into an independent district would result in changing the boundaries of an existing school district, and such changing of boundaries can only be more by the county commissioners. These were the main contentions in point of law.

The state of Minnesota, with A. R. Holman as relator, applied to the district court for a writ of quo warranto directed against the six defendants above mentioned and a hearing on the writ was had in this city on September 4th.

The court has ordered judgment for the relator, has declared there is no such thing as the independent school district embracing the village of Pequot and has ousted the directors.

The following is a verbatim copy of the order:

"The questions of law in the above entitled proceeding were, on September 4th, 1903, duly submitted to the court for decision thereon, pursuant to the statement and provisions of the stipulation of the parties therefore made and filed herein on said September, 1903.

"Messrs. Alderman & Mantor appeared as attorneys for the relator, and A. T. Larson, Esq., appeared as attorney for the defendants.

"After argument by counsel, and after due consideration of the matters so presented and submitted, the court finds and concludes, as matter of law, that the Village of Pequot has not the statutory power, under the facts and circumstances set forth in the pleadings herein (outside of the issue of fact as to the number of freeholders mentioned in the pleadings,) to organize itself into an independent school district.

"It is, therefore, ordered, That judgment be entered herein adjudging that there is no legally constituted Independent School District of Pequot; that in law there is no such office as director or member of board of education of Independent School District of Pequot; that defendants and each of them be ousted, and that the relator have judgment against said defendant for his costs and disbursements herein, according to law."

ALLEGES FAILURE.

On the Part of the State and the Village Health Officers to Comply With the Law.

W. B. Franklin was at Brainerd one day last week to retain counsel in a suit which he will institute against the state and village health officers for alleged failure to comply with the law in regard to contagious diseases of animals. Mr. Franklin will allege notification of glanders in his horses which died last week and prosecute on the ground of neglect on the part of the officials to take proper action. Suit will also be started against a Mr. Hokedorn, of Brainerd, from whom the horses were purchased, to recover the purchase price and damages. The suit will be an interesting one, as the state expert who examined the horses at the request of Mr. Franklin stated they did not have the glanders, and it was on his word that the local board refused to act. But Mr. Franklin also claims to know a thing or two about horse flesh, and gives it out cold that all parties concerned will meet at Walker at the fall term of court and have it out according to the rules laid down in Blackstone—Mottley, Mercury.

The court has ordered judgment for the relator, has declared there is no such thing as the independent school district embracing the village of Pequot and has ousted the directors.

The following is a verbatim copy of the order:

"The questions of law in the above entitled proceeding were, on September 4th, 1903, duly submitted to the court for decision thereon, pursuant to the statement and provisions of the stipulation of the parties therefore made and filed herein on said September, 1903.

"Messrs. Alderman & Mantor appeared as attorneys for the relator, and A. T. Larson, Esq., appeared as attorney for the defendants.

"After argument by counsel, and after due consideration of the matters so presented and submitted, the court finds and concludes, as matter of law, that the Village of Pequot has not the statutory power, under the facts and circumstances set forth in the pleadings herein (outside of the issue of fact as to the number of freeholders mentioned in the pleadings), to organize itself into an independent school district.

"It is, therefore, ordered, That judgment be entered herein adjudging that there is no legally constituted Independent School District of Pequot; that in law there is no such office as director or member of board of education of Independent School District of Pequot; that defendants and each of them be ousted, and that the relator have judgment against said defendant for his costs and disbursements herein, according to law."

ALLEGES FAILURE.

On the Part of the State and the Village Health Officers to Comply With the Law.

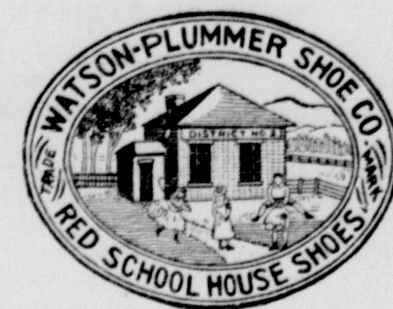

W. B. Franklin was at Brainerd one day last week to retain counsel in a suit which he will institute against the state and village health officers for alleged failure to comply with the law in regard to contagious diseases of animals. Mr. Franklin will allege notification of glanders in his horses which died last week and prosecute on the ground of neglect on the part of the officials to take proper action. Suit will also be started against a Mr. Hokedorn, of Brainerd, from whom the horses were purchased, to recover the purchase price and damages. The suit will be an interesting one, as the state expert who examined the horses at the request of Mr. Franklin stated they did not have the glanders, and it was on his word that the local board refused to act. But Mr. Franklin also claims to know a thing or two about horse flesh, and gives it out cold that all parties concerned will meet at Walker at the fall term of court and have it out according to the rules laid down in Blackstone—Mottley, Mercury.

The other change in the original plan for the sewer was the matter of the outlet. It will be placed two hundred feet further down river than originally planned thus removing it more distant from the intake pipe.

The communication of Dr. Bracken to Dr. J. A. Thabes is as follows:

"ST. PAUL, MINN. Sept. 1, 1903
"DR. J. A. THABES, H. O.
Brainerd, Minn.

"MY DEAR DOCTOR:

"Complying with your request, I put in form the position that will probably be taken by the State Board of Health relative to the sewerage system proposed for Brainerd.

"First, that a septic tank be constructed in the sewer as designed at present with the cut-off provision to take care of the storm water when the quantity is so large as to endanger the normal working of the septic tank; the design for such septic tank and cut-off to be along the lines of those suggested by Messrs Woolman and Cappelman at our conference today.

"Second, that the septic tank be constructed about 2000 feet from the point of outlet of the sewer. The purpose of this being to prevent the interference of septic tank action by the back flow in the sewer at times of high water; the plan to be followed out as relating to the location of the septic tank being that suggested by Messrs. Woolman and Cappelman at our conference today.

"Third, in order that there may be no misunderstanding in the future, I would request that a copy of the plans as outlined above and as endorsed today at our conference by Messrs. Woolman and Cappelman, be submitted to the state board of health for approval. Incidentally I will state that if the plans are drawn along the lines outlined today at our conference, I think there is little, if any doubt as to the question of their approval by the board, and, further in order that there need be no delay in your work, I would state that the ordering of timber, etc. for such sewerage system may be well made at the present time by your council, it being understood that the plans and location of the septic tank will be such as to meet with the approval of the State Board of Health.

"I am convinced as the result of our conversation today that Mr. Woolman is thoroughly interested in this matter of the sanitary disposal of sewerage and that he will do all in his power to make a success of the proposed septic tank.

"It is understood, I presume, in this action on my part for the state board of health that we are dealing only with the sanitary question and that we in no sense commit ourselves to the proposition that your present plan for sewerage is the best one for Brainerd.

WILL PAY LAST

RESPECTS TO DEAD

Funeral Services Over Remains of
Late A. F. Ferris will be
Largely Attended.

MANY COMING FROM ST. PAUL

Services will be Held at First Congregational Church at 3
O'clock Sharp.

The funeral services over the remains of the late Hon. Allen F. Ferris will be held tomorrow afternoon at 3 o'clock from the First Congregational church, and it will be held under Masonic auspices, although all the other fraternal orders in the city to which the deceased belonged will take part.

The indications are that this will be the largest funeral ever held in the northern part of the state. Word has been received from St. Paul, Minneapolis, Cass Lake, Bemidji, St. Cloud, Little Falls and other smaller towns in the northern part of the state that there will be several present from each place. A large delegation will come from the two cities, including some of the most prominent and influential men in the state.

Every rig or conveyance in the city has been engaged for the day. The stores, business places of all kinds, public offices and shops will be closed during the afternoon.

Brainerd has not recovered from the great shock, and it is thought that greater tribute will be paid the dead tomorrow and there will be more general respect shown a person than at any time in the history of the city.

The remains of the late senator have been placed in a beautiful casket and have been removed to his late home on Seventh street where they will remain until removed tomorrow to the church for the services.

The room in the church will be reserved for the members of the various orders, members of the family and the closest friends of the late senator. Rev. Richard Brown will officiate, and he will probably be assisted by other clergymen of the city. The following taken from the St. Paul Globe:

"The funeral of Senator A. F. Ferris, who died at Brainerd yesterday morning, will be attended by a party of St. Paul men prominent in official and civil life.

"Senator Ferris died at 8 o'clock yesterday morning after submitting to an operation for appendicitis. When the intelligence was received in St. Paul Senator A. R. McGill, as the senior member of the Ramsey county delegation, at once authorized former Representative W. W. Rich to make arrangements for attending the funeral, which will be held at Brainerd Thursday afternoon.

"Among the St. Paul men who will compose the party are Senator Moses E. Clapp, Congressman Fred C. Stevens, Senators McGill, Horton and Dunn and former Representative W. W. Rich. The St. Paul party will be joined by parties of officials and former colleagues of Senator Ferris in St. Paul, and at Minneapolis by members of the Hennepin delegation and state officials.

"Senator Ferris was one of the best known and most popular members of the upper house, to which he was elected last fall after serving three terms in the lower house. In the lower house he was one of the recognized leaders on the Republican side, and as chairman of the railroads committee dominated that body."

Attention Knights of Pythias.

All Knights of Pythias are requested to assemble at their Castle Hall, Thursday at 2 o'clock p. m. to attend the funeral of the late A. F. Ferris.

By order of the
CHANCELLOR COMMANDER.

Attention Elks.

ANOTHER CONTEST LOOKED FOR

Great Interest Displayed in the Log Rolling Contest of Labor Day--Between Two Experts.

Great interest was displayed in the log rolling contest on Labor Day between Ed. Roach and G. Rivers, alias Mississippi, and there is talk of another contest between the two some time during the county fair. The contest on Labor Day was very even for about twenty minutes, in fact, every movement and roll possible to be made on a log was displayed, when Roach out-generated his opponent by giving him the short end of the log, a trick very familiar to experienced drivers, the champion getting the decision after a hard fought contest. Friends of both men would like to see another contest and it is understood that John Gilmer, the genial proprietor of the Globe, is willing to back his favorite with a good sum.

THEY GET TOGETHER ON SEWER QUESTION

City Council Decides to Proceed
with Construction of New
General Sewer.

MAYOR HAS SIGNED CONTRACT

Contractor Judd Wright will Com-
mence Work at Once on this
Improvement.

Mayor A. J. Halsted and City Clerk
F. E. Low this morning placed their
signatures to the contract with Judd
Wright to build the new general
sewer and now the work will
commence at once on the construction
and it will be pushed to completion as
rapidly as possible.

It will be remembered after the con-
tract had been awarded to Mr. Wright
for \$12,000 that there was a hitch in the
proceedings, the state board of health
cutting in with an objection to the plan
and also throwing in a little reminder
that the entire sewerage system of the
city, old and new, would be condemned.
The main objection was the emptying
of raw sewerage into the Mississippi
river, and when this was brought up the
members of the city council seemed a
little mite sore to think that the state
board of health should pick out Brainerd
as a glowing example, when all the
other cities down the line were empty-
ing their sewerage into the same water-
way.

With the council, however, discretion
was the better part of valor, and they
decided not to take further steps until
a committee first visited St. Paul to
interview the state board. Appointed
on this committee were Drs. J. A.
Thabes and A. F. Groves and City
Engineer Woolman. They went down
the first of last week and had a confer-
ence with the state board, with the re-
sult that both parties to the issue came
to a better understanding in the matter.
The general plan as outlined was ap-
proved by the board with one or two
changes.

The most important change was in
the matter of adding a septic tank to
the proposed system. This was the
system recommended by Dr. Camp when
his advice was sought by the city coun-
cil. The exact location etc. is fixed in
the communication of Secretary Brack-
en, of the state board, in his communi-
cation to Dr. Thabes herewith append-
ed.

The other change in the original plan
for the sewer was the matter of the out-
let. It will be placed two hundred feet
further down river than originally
planned thus removing it more distant
from the intake pipe.

The communication of Dr. Bracken to
Dr. J. A. Thabes is as follows:

"ST. PAUL, MINN. Sept. 1, 1903
"DR. J. A. THABES, H. O.
Brainerd, Minn.

"MY DEAR DOCTOR:

"Complying with your request, I put
in form the position that will probably
be taken by the State Board of Health
relative to the sewerage system propos-
ed for Brainerd.

"First, that a septic tank be con-
structed in the sewer as designed at
present with the cut-off provision to
take care of the storm water when the
quantity is so large as to endanger the
normal working of the septic tank; the
design for such septic tank and cut-off
to be along the lines of those suggested
by Messrs Woolman and Cappelman at
our conference today.

"Second, that the septic tank be con-
structed about 200 feet from the point
of outlet of the sewer. The purpose of
this being to prevent the interference
of septic tank action by the back flow
in the sewer at times of high water; the
plan to be followed out as relating to
the location of the septic tank being
that suggested by Messrs. Woolman and
Cappelman at our conference today.

"Third, in order that there may be no
misunderstanding in the future, I would
request that a copy of the plans as out-
lined above and as endorsed today at
our conference by Messrs. Woolman and
Cappelman, be submitted to the state
board of health for approval. Inciden-
tally I will state that if the plans are drawn
along the lines outlined today at our
conference, I think there is little, if any
doubt as to the question of their ap-
proval by the board, and, further in
order that there need be no delay in
your work, I would state that the order-
ing of timber, etc. for such sewerage
system may be well made at the present
time by your council, it being under-
stood that the plans and location of the
septic tank will be such as to meet with
the approval of the State Board of
Health.

"I am convinced as the result of our
conversation today that Mr. Woolman is
thoroughly interested in this matter of
the sanitary disposal of sewerage and
that he will do all in his power to make
a success of the proposed septic tank.

"It is understood, I presume, in this
action on my part for the state board of
health that we are dealing only with the
sanitary question and that we in no
sense commit ourselves to the proposi-
tion that your present plan for sewerage
is the best one for Brainerd.

Very truly,
H. M. BRACKEN, Sec'y."

orders, members of the family and the
closest friends of the late senator. Rev.
Richard Brown will officiate, and he
will probably be assisted by other cler-
gymen of the city. The following taken
from the St. Paul Globe:

"The funeral of Senator A. F. Ferris,
who died at Brainerd yesterday morn-
ing, will be attended by a party of St.
Paul men prominent in official and civil
life.

"Senator Ferris died at 8 o'clock yester-
day morning after submitting to an
operation for appendicitis. When the
intelligence was received in St. Paul
Senator A. E. McGill, as the senior
member of the Ramsey county delega-
tion, at once authorized former Repre-
sentative W. W. Rich to make arrange-
ments for attending the funeral, which
will be held at Brainerd Thursday af-
ternoon.

"Among the St. Paul men who will
compose the party are Senator Moses
E. Clapp, Congressman Fred C. Stev-
ens, Senators McGill, Horton and Dunn
and former Representative W. W.
Rich. The St. Paul party will be joined
by parties of officials and former
colleagues of Senator Ferris in St. Paul,
and at Minneapolis by members of
the Hennepin delegation and state offi-
cials.

"Senator Ferris was one of the best
known and most popular members of
the upper house, to which he was elected
last fall after serving three terms in
the lower house. In the lower house
he was one of the recognized leaders on
the Republican side, and as chairman
of the railroads committee dominated
that body."

Attention Knights of Pythias.

All Knights of Pythias are requested
to assemble at their Castle Hall, Thurs-
day at 2 o'clock p. m. to attend the
funeral of the late, A. F. Ferris.

By order of the
CHANCELLOR COMMANDER.

Attention Elks.

All members of Brainerd Lodge, No.
615, B. P. O. E., will meet at the lodge
rooms, tomorrow afternoon at 2 o'clock
sharp, for the purpose of attending the
funeral of our late brother, A. F. Ferris.

COUNTY FAIR OPENS.

Management Busy Arranging Exhibits at
the Fair Grounds, Which will all
be in by Tomorrow.

The thirteenth annual fair of the
Crow Wing County Agricultural society
opened today at Swartz driving park on
Oak street. There is not much doing
at the fair grounds today, as most of
the exhibitors were busy arranging
matters. There are quite a large num-
ber coming in and there will be a good
list by tomorrow morning and it is ex-
pected that the fair will be better in
point of the good display of farm pro-
ducts and stock than ever before.

EMIL CEDERHOLM DEAD.

Word Comes From California that the
Young Man Died on August 31
at Kingsburg.

Word has been received by S. R. Adair
from Kingsburg, Cal., announcing the
death of Emil Cederholm, a young man
well known in this city who went west
a few months ago for his health. Ceder-
holm while a resident of this city was
employed with S. R. Adair in the jewelry
store. He was a sufferer from consump-
tion and he went west with the hope
that the change of climate might benefit
him, but death finally overtook him.
The interment will be made out west
where the family have moved during
the past year.

ANOTHER CONTEST LOOKED FOR

Great Interest Displayed in the Log Roll-
ing Contest of Labor Day--Be-
tween Two Experts.

Great interest was displayed in the
log rolling contest on Labor Day be-
tween Ed. Roach and G. Rivers, alias
Mississippi, and there is talk of another
contest between the two some time dur-
ing the county fair. The contest on
Labor Day was very even for about
twenty minutes, in fact, every move-
ment and roll possible to be made on a
log was displayed, when Roach out-
generated his opponent by giving him
the short end of the log, a trick very
familiar to experienced drivers, the cham-
pion getting the decision after a hard
fought contest. Friends of both men
would like to see another contest and it
is understood that John Gilmer, the
genial proprietor of the Globe, is willing
to back his favorite with a good sum.

SAVES CHINA'S FACE
OBJECTIONABLE FEATURES OF
RUSSIAN DEMANDS IN MAN-
CHURIA OMITTED.

HOPES TO PACIFY JAPAN
WHILE RUSSIA SURRENDERS NO
MATERIAL ADVANTAGE SHE
HAS GAINED TIME.

London, Sept. 9.—The Peking corre-
spondent of the Times telegraphs that
M. Lessar, the Russian minister, in his
note to the Wai Wu Pu regarding the
Newchwang and Moukden province
should be evacuated by the Russians
on Oct. 3, understood that China shall
be permitted to resume administrative
rights in three provinces of Manchuria,
provided that on her part China un-
dertakes that no portion of the terri-
tory shall be conceded to other power;
that no concession shall be granted
to Great Britain unless granted
equally to Russia, (this is obscure and
requires confirmation); that there
shall be no increase in the present im-
port tariff on goods entering Manchuria
by railway; that in the event of an
epidemic at Newchwang a Russian
health officer shall be appointed to
deal with it; that Russia shall retain
her own military telegraph along the
railroad and that the agencies of the
Russia-Chinese bank in Manchuria
shall be guarded by Chinese soldiers.
If the above conditions are agreed to
Newchwang and Moukden shall be
evacuated Oct. 8 and the remaining
provinces in due course. The corre-
spondent, commenting on the forego-
ing, says:

"It will thus be seen that in defer-
ence to the objections of the other
powers the more objectionable features
of the demands made by M. Plancon
(who was recently Russian charge
d'affaires in Peking), have been omit-
ted, and while Russia surrenders no
material advantage, she has gained
time and can rest content that China
will never act in any way counter to
M. Plancon's demands. She also
saves the face of China, who will ac-
cept the altered conditions with alac-
rity. Russia further hopes thereby to
pacify Japan's resentment by appar-
ently acceding to her wishes, while re-
taining military control of the coun-
try and hoping now to be able to put
to completion undisturbed her mili-
tary preparations."

NEW PANAMA CANAL TREATY.
Colombian Congress Discussing an
Authorization Bill.

Bogota, Colombia, Sept. 9.—The bill
which congress is now discussing au-
thorizing President Marroquin to ne-
gotiate a new Panama canal treaty
with the United States contains the
following stipulations:

The perpetual use of the canal zone
is granted provided that at the expira-
tion of each hundred years the United
States shall pay during the succeeding
hundred years 25 per cent more
premium and rental than for the pre-
ceding term, the premium beginning
at \$400,000 and the rental at \$400.

The mixed tribunals in the canal
zone shall try suits between foreign-
ers or between Colombians and for-
eigners.

The police and sanitary measures
shall be practically in charge of the
United States. Twenty million dol-
lars is fixed as the price of the con-
cession besides the rental payable by
the canal company in consideration of
Colombia's transfer of shares.

The railroad shall in sixty-four years
revert to Colombia, but the United
States may buy it under a valuation.

A term shall be fixed within which
the canal must be begun and finished.

The contract shall provide for a
means to settle differences which may
arise between the governments dur-
ing construction and execution of the
contract.

TRAMPS FIGHT BLOODY BATTLE

One Killed in a Box Car and Another
Fatally Shot.

Bearmouth, Mont., Sept. 9.—In a
battle between five tramps in a box
car of an eastbound Northern Pacific
freight train, one hobo was killed and
another shot, it is believed, fatally.
The names of the men have not been
learned. Three of the tramps sus-
pected the two others of having some
money, and upon the latter refusing
to give up their cash, fire was opened
with revolvers, instantly killing one
and wounding the other. The robbers
jumped from the train and disappeared.

FIRST OFFICIAL DOCUMENT.

Pope Pius Addresses a Letter to Cer-
tain Cardinals.

Rome, Sept. 9.—Pope Pius X. has
published his first official document,
consisting of a letter addressed to
Cardinals Vannutelli, Rampolla, Fer-
rara and Vives y Tuto, confirming
their appointment by Pope Leo as a
commission to commemorate the fifti-
eth anniversary of the dogma of the
Immaculate Conception. The letter,
which is very brief, is followed by a
prayer to the Virgin Mary, which will
acquire importance as being the first
to bear the signature of Pius X.

GOVERNMENT DEFEATED.

Labor Party Scores a Victory in Aus-
tralia.

Melbourne, Victoria, Sept. 9.—The
government was defeated during the
day in the commonwealth house of
representatives by the adoption of a
labor amendment making the concilia-
tion bill apply to railway servants.
The ministers are considering their
position.

There was a very serious railroad
strike in Victoria in May, which re-
sulted in the surrender of the strikers
after the adoption of a government
bill providing for severe coercion
measures.

EMPIRE WRIGHT'S FINDINGS.
Five Disputes Between Miners and
Operators Settled.

Scranton, Pa., Sept. 9.—Hon. Carroll
D. Wright, the umpire to whom was
referred the five disputes between the
operators and miners' representatives
on the board of conciliation appointed
under the provisions of the anthracite
mine strike commission, filed his find-
ings during the day with T. D.
Nicholls, secretary of the board. Deal-
ing with the question of the employ-
ers' right to discharge men for any
cause other than of connection with
a labor union, Empire Wright agrees
wholly with the contention of the
operators' representatives and declares
that the right of an employer to dis-
charge without giving the cause of the
discharge is sustained by the award of
the commission. As to the rockmen's
dispute the umpire says they do not
come under the award. The complaint
of Thomas Tanner is not sustained in
regard to the allegations of discrimina-
tion on the part of the Lehigh Coal
and Navigation company and Cox
Bros. & Co. He says these companies
should take back old men instead of
putting on new men in all cases where
the old men are competent and have
not been convicted or not awaiting
trial for crime committed during the
strike. The umpire's findings cover
twenty-five pages of typewriting.

INVOLVE SIX PERSONS.

More Indictments Returned in Post-
office Cases.

Washington, Sept. 9.—After delib-
erating for several weeks over a mass
of documents submitted by the post-
office inspectors the federal grand jury
in this city during the day returned
seven indictments in postal cases, in-
volving six different persons.

All the postal indictments were
kept off the public records and both
the officials of the district attorney's
office and of the postoffice department
refused to discuss names and details
of the indictments until the parties in-
dicted are arrested. The indicted in-
dividuals' identity thus was left a
matter of conjecture.

The grand jury's action probably
marks the beginning of the end of the
investigations that have been in pro-
gress since the middle of last March.
Voluminous evidence has been laid be-
fore the grand jury as the result of
the inquiry and while the present re-
port of the jury disposes of most of
the cases there yet remains several
cases to be passed upon. Several of
the persons indicted live outside of
Washington. They will be arrested
as soon as bench warrants can be
served.

Two other important events occurred
during the day in the postoffice in-
quiry.

Leopold Stern, a Baltimore contrac-
tor, who disappeared from Baltimore
before he could be arrested on an in-
dictment returned July 31 last, was lo-
cated at Toronto and the long delayed
surrender of George W. Beavers, the
former head of the salary and al-
lowance division, to the New York au-
thorities took place.

DUE TO FAMILY TROUBLES.

Pittsburg Woman Drowns Her Child
and Herself.

Pittsburg, Sept. 9.—The mystery
surrounding the finding of five-year-
old Viola Cordes in the Allegheny
river last Saturday evening was par-
tially cleared during the evening by
the finding of the body of the child's
mother floating in the same stream.
From all accounts it is believed that
Mrs. Cordes, who was about twenty-
four years old, jumped into the river,
carrying her child with her. Since
coming here she has boarded around
at a number of places, leaving her lit-
tle one with Mr. and Mrs. B. A. Davis
in Millvale.

Mrs. Davis says Mrs. Cordes had
made threats of suicide. She said
she had had trouble with her family;
that she had been thrown around in
the world; that she was tired of life
and would end her troubles by throw-
ing her child into the river and jump-
ing in after her.

WILL MAKE HARD FIGHT.

Alleged Irish Fugitive Under Arrest
at Indianapolis.

Indianapolis, Sept. 9.—The efforts
to extradite James Lynch, known
here as Thomas Walsh, the Irish fugi-
tive, was during the afternoon trans-
ferred from the United States com-
missioner's court to the United States
circuit court and Judge Francis E.
Baker of that court will Thursday
morning hear evidence. Should the
court hold that Lynch is the al-
leged Irish refugee escaped from
Maryborough prison, to which he was
sentenced for life for assault and bat-
tery on his landlady, and should the
court hold that Lynch can be taken
to New York to appear for trial
before the federal commissioner there,
the case as announced by Lynch-
chaun's attorneys will be appealed to
the supreme court of the United States.

FRENCH TROOPS FOR CHINA.

Critical Situation Prevails in the
Oriental Empire.

Paris, Sept. 9.—A dispatch from
Marseilles to La Presse asserts that
the government has requisitioned all
the steamers on the Far Eastern ser-
vice of Messageries Maritimes and
Chargeurs Reunis companies for the
conveyance of a large number of
troops of all arms and a quantity of
supplies. The dispatch adds that
this step confirms the report that a
critical situation prevails in China.

Rioters Refused New Trial.

Danville, Ill., Sept. 9.—Judge Thomp-
son has refused a new trial to the con-
victed rioters and sentenced them to
the Chester penitentiary, except Besie
Armstrong, who was sent to Joliet.

INVITES ROOSEVELT TO DINE.
Sound Money League Committee Calls
on President.

Oyster Bay, N. Y., Sept. 9.—During
the afternoon President Roosevelt re-
ceived a call from Colonel John L.
Shepherd, president of the New York
branch of the Commercial Travelers
Sound Money league and a committee
of that organization.

The Sound Money league played an
important part in the campaign of
1896 and 1900 and already is organiz-
ing for that of next year.

Colonel Shepherd, as spokesman of
the callers, tendered to the president
an invitation to a dinner to be given
in New York on any date he might
name. The president told his callers
he could not go to New York, but
would be glad to attend the dinner if
it be held in Washington. To this
suggestion the committee acceded
readily and it was agreed the dinner
should be given in Washington in the
late fall or early winter, the date to
be fixed in the near future.

The committee presented to the
president the handsome campaign
badge of the organization for next
year. It is probably the first 1904
campaign badge issued.

FOREIGN ELEMENT EXCITED.

Butler (Pa.) Bank Closed and Its Offi-
cers Arrested.

Butler, Pa., Sept. 9.—Much excite-
ment was created among the foreign
element of this place by the closing of
the banking house of Pavosky,
Matias & Co., and the arrest of J.
Raymond Pavosky and his partner,
Matias.

The charge against the firm made
by twenty depositors, is that money
left with the bank to be sent to Europe
was never forwarded. The embezzle-
ments are said to amount to over
\$7,000.

FOR INSULTING THE KAISER.

Three Men and Two Women Arrested
at Halle, Prussia.

Halle, Prussia, Sept. 9.—Three men
and two women have been arrested
here, charged with insulting Emperor
William. The nature of their offense
has not been disclosed.

SCORES OF DEATHS DAILY.

Outbreaks of Bubonic Plague at New-
Chwang, China.

Tientsin, Sept. 9.—An outbreak of
bubonic plague is reported at New-
chwang, where a score of deaths are
occurring daily.

TELEGRAPHIC BREVITIES.

At a meeting attended by 3,000 per-
sons the beltmakers in Berlin decided
to go on strike for a working day of
nine hours and a wage of 50 pfennig
an hour.

The advisory board of the Philadel-
phia Master Builders' Exchange has
fixed Jan. 1, 1904, as the date on which
systematic warfare by means of lock-
outs against sympathetic strikes will
begin.

The president has promoted John
W. Riddle of Minnesota, now first sec-
retary of embassy at St. Petersburg,
to be consul general and diplomatic
agent at Cairo, in place of John G.
Long, deceased.

King Edward has appointed the
king of Portugal an admiral in the
British navy as a token of the friend-
ship between the two countries, which
was strengthened by his majesty's re-
cent visit to Portugal.

TRAIN ROBBERY FRUSTRATED.

Engineers Slow Up and Then Backs
Out of Reach.

Stevensville, Mont., Sept. 9.—A bold
attempt to hold up the Bitter Root ex-
press just east of here during the
morning was frustrated by the vigi-
lance of the crew. A pile of ties had
been placed on the tracks. The en-
gineer slowed up and backed away
as soon as he could. Three men con-
cealed in the bushes jumped out and
ran after the train, but soon fell be-
hind. The crew secured arms and re-
turned and threw the ties to one side,
after which the express went through
unmolested.

Delano of Marshfield, Mass., died of
paralysis here while he was visiting his
granddaughter, Mrs. M. W. Kelley.
For thirty years he was employed by
Daniel Webster and was the last to
look on the great statesman's face,
closing the lid of the coffin.

Ohio Town Scorched.

Dayton, O., Sept. 9.—At 1 o'clock a.
m. a large fire was raging in Piqua,
which originated in the Sexton livery
stable in the heart of the business sec-
tion of the city. The building was de-
stroyed, as also was the Daniels block,
the largest business building in the
city. The loss will reach close to
\$150,000.

Funeral Carriage Overturns.

Denver, Sept. 9.—Frightened by the
black trimmings on the hearse at a
funeral in Valverde, the team attached
to the next carriage in line ran away,
the carriage was overturned and nine
persons were slightly injured.

Big Crowd at Minnesota Fair.

St. Paul, Sept. 5.—Friday was St.
Paul day at the state fair and was the
record-breaking day of the fair and
the record St. Paul day. The total at-
tendance at the close of the day was
62,000. One of the features of the day
was the parade of stockmen from
South St. Paul. Jo Interest won the
big pacing event in three straight
heats.

SAVES CHINA'S FACE

OBJECTIONABLE FEATURES OF
RUSSIAN DEMANDS IN MAN-
CHURIA OMITTED.

HOPES TO PACIFY JAPAN

WHILE RUSSIA SURRENDERS NO
MATERIAL ADVANTAGE SHE
HAS GAINED TIME.

London, Sept. 9.—The Peking corre-
spondent of the Times telegraphs that
M. Lessar, the Russian minister, in his
note to the Wai Wu Pu engaging that
Newchwang and Moukden province
should be evacuated by the Russians
on Oct. 3, understood that China shall
be permitted to resume administrative
rights in three provinces of Manchuria,
provided that on her part China un-
dertakes that no portion of the terri-
tory shall be conceded to other pow-
er; that no concession shall be granted
to Great Britain unless granted
equally to Russia, (this is obscure and
requires confirmation); that there
shall be no increase in the present im-
port tariff on goods entering Manchuria
by railway; that in the event of
an epidemic at Newchwang a Russian
health officer shall be appointed to
deal with it; that Russia shall retain
her own military telegraph along the
railroad and that the agencies of the
Russia-Chinese bank in Manchuria
shall be guarded by Chinese soldiers.
If the above conditions are agreed to
Newchwang and Moukden shall be
evacuated Oct. 8 and the remaining
provinces in due course. The corre-
spondent, commenting on the forego-
ing, says:

"It will thus be seen that in defer-
ence to the objections of the other
powers the more objectionable features
of the demands made by M. Plancon
(who was recently Russian charge
d'affaires in Peking), have been omitted,
and while Russia surrenders no
material advantage, she has gained
time and can rest content that China
will never act in any way counter to
M. Plancon's demands. She also
saves the face of China, who will ac-
cept the altered conditions with alacrit-
y. Russia further hopes thereby to
pacify Japan's resentment by appar-
ently acceding to her wishes, while re-
taining military control of the coun-
try and hoping now to be able to put
to completion undisturbed her mili-
tary preparations."

NEW PANAMA CANAL TREATY.
Colombian Congress Discussing an
Authorization Bill.

Bogota, Colombia, Sept. 9.—The bill
which congress is now discussing au-
thorizing President Marroquin to ne-
gotiate a new Panama canal treaty
with the United States contains the
following stipulations:

The perpetual use of the canal zone
is granted provided that at the expira-
tion of each hundred years the United
States shall pay during the succeed-
ing hundred years 25 per cent more
premium and rental than for the pre-
ceding term, the premium beginning
at \$400,000 and the rental at \$400.

The mixed tribunals in the canal
zone shall try suits between foreign-
ers or between Colombians and fore-
igners.

The police and sanitary measures
shall be practically in charge of the
United States. Twenty million dol-
lars is fixed as the price of the con-
cession besides the rental payable by
the canal company in consideration of
Colombia's transfer of shares.

The railroad shall in sixty-four years
revert to Colombia, but the United
States may buy it under a valuation.

A term shall be fixed within which
the canal must be begun and finished.
The contract shall provide for a
means to settle differences which may
arise between the governments dur-
ing construction and execution of the
contract.

TRAMPS FIGHT BLOODY BATTLE

One Killed in a Box Car and Another
Fatally Shot.

Bearmouth, Mont., Sept. 9.—In a
battle between five tramps in a box
car of an eastbound Northern Pacific
freight train, one hobo was killed and
another shot, it is believed, fatally.
The names of the men have not been
learned. Three of the tramps sus-
pected the two others of having some
money, and upon the latter refusing
to give up their cash, fire was opened
with revolvers, instantly killing one
and wounding the other. The robbers
jumped from the train and disappeared.

FIRST OFFICIAL DOCUMENT.

Pope Pius Addresses a Letter to Cer-
tain Cardinals.

Rome, Sept. 9.—Pope Pius X. has
published his first official document,
consisting of a letter addressed to
Cardinals Vannutelli, Rampolla, Fer-
rara and Vives y Tuto, confirming
their appointment by Pope Leo as a
commission to commemorate the fifti-
eth anniversary of the dogma of the
Immaculate conception. The letter,
which is very brief, is followed by a
prayer to the Virgin Mary, which will
acquire importance as being the first
to bear the signature of Pius X.

GOVERNMENT DEFEATED.

Labor Party Scores a Victory in Aus-
tralia.

Melbourne, Victoria, Sept. 9.—The
government was defeated during the
day in the commonwealth house of
representatives by the adoption of a
labor amendment making the concilia-
tion bill apply to railway servants.
The ministers are considering their
position.

There was a very serious railroad
strike in Victoria in May, which re-
sulted in the surrender of the strik-
ers after the adoption of a government
bill providing for severe coercion
measures.

EMPIRE WRIGHT'S FINDINGS.

Five Disputes Between Miners and
Operators Settled.

Scranton, Pa., Sept. 9.—Hon. Carroll
D. Wright, the umpire to whom was
referred the five disputes between the
operators and miners' representatives
on the board of conciliation appointed
under the provisions of the anthracite
mine strike commission, filed his find-
ings during the day with T. D.
Nicholls, secretary of the board. Deal-
ing with the question of the employ-
ers' right to discharge men for any
cause other than of connection with
a labor union, Empire Wright agrees
wholly with the contention of the
operators' representatives and declares
that the right of an employer to dis-
charge without giving the cause of the
discharge is sustained by the award of
the commission. As to the rockmen's
dispute the umpire says they do not
come under the award. The complaint
of Thomas Tanner is not sustained in re-
gard to the allegations of discrimina-
tion on the part of the Lehigh Coal
and Navigation company and Cox
Bros. & Co. He says these companies
should take back old men instead of
putting on new men in all cases where
the old men are competent and have
not been convicted or not awaiting
trial for crime committed during the
strike. The umpire's findings cover
twenty-five pages of typewriting.
The board has now disposed of
about thirty disputes. Two more
questions on which it is deadlocked
will be submitted to Empire Wright.
They deal with the nine-hour day in
the Reading company's mines and the
proper basis on which to compute the
increase in wages awarded by the com-
mission, the companies in the Lehigh
and Schuylkill region contending that
it should be on the net earnings, while
the men contend it should be on the
gross earnings.

INVOLVE SIX PERSONS.

More Indictments Returned in Post-
office Cases.

Washington, Sept. 9.—After delibera-
ting for several weeks over a mass
of documents submitted by the post-
office inspectors the federal grand jury
in this city during the day returned
seven indictments in postal cases, in-
volving six different persons.

All the postal indictments were
kept off the public records and both
the officials of the district attorney's
office and of the postoffice department
refused to discuss names and details
of the indictments until the parties in-
dicted are arrested. The indicted in-
dividuals' identity thus was left a
matter of conjecture.

The grand jury's action probably
marks the beginning of the end of the
investigations that have been in pro-
gress since the middle of last March.
Voluminous evidence has been laid be-
fore the grand jury as the result of
the inquiry and while the present re-
port of the jury disposes of most of
the cases there yet remains several
cases to be passed upon. Several of
the persons indicted live outside of
Washington. They will be arrested
as soon as bench warrants can be
served.

Two other important events occurred
during the day in the postoffice in-
quiry.

Leopold Stern, a Baltimore contrac-
tor who disappeared from Baltimore
before he could be arrested on an in-
dictment returned July 31 last, was lo-
cated at Toronto and the long delayed
surrender of George W. Beavers, the
former head of the salary and allow-
ance division to the New York au-
thorities took place.

DUE TO FAMILY TROUBLES.

Pittsburg Woman Drowns Her Child
and Herself.

Pittsburg, Sept. 9.—The mystery
surrounding the finding of five-year-
old Viola Cordes in the Allegheny
river last Saturday evening was par-
tially cleared during the evening by
the finding of the body of the child's
mother floating in the same stream.
From all accounts it is believed that
Mrs. Cordes, who was about twenty-
four years old, jumped into the river,
carrying her child with her. Since
coming here she has boarded around
at a number of places, leaving her lit-
tle one with Mr. and Mrs. B. A. Davis
in Millvale.

Mrs. Davis says Mrs. Cordes had
made threats of suicide. She said
she had been troubled with her family;
that she had been thrown around in
the world; that she was tired of life
and would end her troubles by throw-
ing her child into the river and jump-
ing in after her.

WILL MAKE HARD FIGHT.

Alleged Irish Fugitive Under Arrest
at Indianapolis.

Indianapolis, Sept. 9.—The efforts
to extradite James Lynch, known
here as Thomas Walsh, the Irish fugi-
tive, was during the afternoon trans-
ferred from the United States com-
missioner's court to the United States
circuit court and Judge Francis E.
Baker of that court will Thursday
morning hear evidence. Should the
court hold that Lynch is the al-
leged Irish refugee escaped from
Maryborough prison, to which he was
sentenced for life for assault and bat-
tery on his landlady, and should the
court hold that Lynch should be
taken to New York to appear for trial
before the federal commissioner there,
the case as announced by Lynch-
chaun's attorneys will be appealed to
the supreme court of the United States.

FRENCH TROOPS FOR CHINA.

Critical Situation Prevails in the
Oriental Empire.

Paris, Sept. 9.—A dispatch from
Marseilles to La Presse asserts that
the government has requisitioned all
the steamers on the Far Eastern ser-
vice of Messageries Maritimes and
Chargeurs Reunis companies for the
conveyance of a large number of
troops of all arms and a quantity of
supplies. The dispatch adds that
this step confirms the report that a
critical situation prevails in China.

Rioters Refused New Trial.

Danville, Ill., Sept. 9.—Judge Thomp-
son has refused a new trial to the
convicted rioters and sentenced them
to the Chester penitentiary, except Bos-
sie Armstrong, who was sent to Joliet.

INVITES ROOSEVELT TO DINE.

Sound Money League Committee Calls
on President.

Oyster Bay, N. Y., Sept. 9.—During
the afternoon President Roosevelt re-
ceived a call from Colonel John L.
Shepherd, president of the New York
branch of the Commercial Travelers
Sound Money League and a committee
of that organization.

The Sound Money league played an
important part in the campaign of
1896 and 1900 and already is organiz-
ing for that of next year.

Colonel Shepherd, as spokesman of
the callers, tendered to the president
an invitation to a dinner to be given
in New York on any date he might
name. The president told his callers
he could not go to New York, but
would be glad to attend the dinner if
it he held in Washington. To this
suggestion the committee acceded
readily and it was agreed the dinner
should be given in Washington in the
late fall or early winter, the date to
be fixed in the near future.

The committee presented to the
president the handsome campaign
badge of the organization for next
year. It is probably the first 1904
campaign badge issued.

FOREIGN ELEMENT EXCITED.

Butler (Pa.) Bank Closed and Its Offi-
cers Arrested.

Butler, Pa., Sept. 9.—Much excite-
ment was created among the foreign
element of this place by the closing of
the banking house of Pavovsky,
Matiasic & Co., and the arrest of J.
Raymond Pavovsky and his partner,
Matiasic.

The charge against the firm made
by twenty depositors, is that money
left with the bank to be sent to Europe
was never forwarded. The embezzle-
ments are said to amount to over
\$7,000.

FOR INSULTING THE KAISER.

Three Men and Two Women Arrested
at Halle, Prussia.

Halle, Prussia, Sept. 9.—Three men
and two women have been arrested
here, charged with insulting Emperor
William. The nature of their offense
has not been disclosed.

SCORES OF DEATHS DAILY.

Outbreaks of Bubonic Plague at New-
chwang, China.

Pientsin, Sept. 9.—An outbreak of
bubonic plague is reported at New-
chwang, where a score of deaths are
occurring daily.

TELEGRAPHIC BREVITIES.

At a meeting attended by 3,000 per-
sons the beltmakers in Berlin decided
to go on strike for a working day of
nine hours and a wage of 50 pfennig
an hour.

The advisory board of the Philadel-
phia Master Builders' Exchange has
fixed Jan. 1, 1904, as the date on which
systematic warfare by means of lock-
outs against sympathetic strikes will
begin.

The president has promoted John
W. Riddle of Minnesota, now first sec-
retary of embassy at St. Petersburg,
to be consul general and diplomatic
agent at Cairo, in place of John G.
Long, deceased.

King Edward has appointed the
king of Portugal an admiral in the
British navy as a token of the friend-
ship between the two countries, which
was strengthened by his majesty's re-
cent visit to Portugal.

TRAIN ROBBERY FRUSTRATED.

Engineers Slow Up and Then Backs
Out of Reach.

Stevensville, Mont., Sept. 9.—A bold
attempt to hold up the Bitter Root ex-
press just east of here during the
morning was frustrated by the vigi-
lance of the crew. A pile of ties had
been placed on the tracks. The en-
gineer slowed up and backed away
as soon as he could. Three men con-
cealed in the bushes jumped out and
ran after the train, but soon fell be-
hind. The crew secured arms and re-
turned and threw the ties to one side,
after which the express went through
unmolested.

Madison, Wis., Sept. 9.—Henry C.
Delano of Marshfield, Mass., died of
paralysis here while he was visiting his
granddaughter, Mrs. M. W. Kealey.
For thirty years he was employed by
Daniel Webster and was the last to
look on the great statesman's face,
closing the lid of the coffin.
